## LOVE Will Find a Way

Vernon Isner, Chaplain

*If I speak in the tongues of men and of angels, but do not have love, I am a noisy gong or a clanging cymbal. And if I have prophetic powers, and understand all mysteries and all knowledge, and if I have faith, so as to remove mountains, but do not have love, I am nothing. If I give away all my possessions, and if I hand over my body so that I may boast, but do not have love, I gain nothing. (1. Corinthians 13:1-3)*

The *New Yorker* had a striking cartoon on a recent cover. It showed an elderly gentleman standing in pajamas and dressing-robe at his apartment door. He just secured the door with several locks. Only as he shot home two heavy dead bolts did he notice a small, white envelope stuck beneath the door. On the envelope was a large sticker in the shape of a heart. A little child who lived just down the hall had broken through his security system with a Valentine! Love had found a way.

For the human race, love remains the most excellent way. The Apostle Paul wrote the poem of 1 Corinthians 13 and polished it many times. Then he sent it to a divided and quarrelsome church at Corinth, knowing that this was the very spot for it. Centuries later, it holds meaning for all people, including quarreling couples, families, churches, and others who need to experience God's love in a special way.

A chaplain in a nursing home led a worship service in which communication with the residents seemed impossible. Most of the participants had hearing or seeing difficulties. Some were stroke victims. Some were experiencing dementia. No words in the world seemed to communicate God's love.

Then the chaplain led an old song, "Love lifted me....when nothing else could help, love lifted me." As they sang, the group joined hands and then hugged each other in a sacrament of touch. What seemed impossible suddenly turned into a "holy moment". Love found a way to break through the barrier of age, hearing and sight loss, and other disabilities and bring new life to all involved.

Late in life, the renowned scientist Henry Drummond wrote, "You will find as you look back on your life, that the moments that stand out, the moments when you have really lived, the moments when you have done great things, are the moments you have done things in a spirit of love." As we grow older, we know that many values we thought important when we were young no longer seem to be so important.

Centuries ago, Jesus of Nazareth said, "Love one another as I have loved you, you must love one another. By this will all people know that you are my disciples, if you love one another." If we truly love others as Jesus commands us to love, our love will find a way to express itself, not just on Valentine's Day, but every day.

She decided to stop by and take a look, and it was love at first sight! Fritzer started out as an outdoor cat but has adjusted wonderfully to being an indoor cat here at Menno Haven. He is playful and very mannerly, and one of his favorite pastimes is spending time lounging in the sunroom watching birds. One of his most handsome features is his big, fluffy tail. George states that Fritzer is "the original scaredy cat"! At the sound of a loud noise, doorbell, sneeze, etc., Fritzer runs and hides until he's sure it's safe to come out. Be sure to tune in to the in-house TV Ch. 956 during the month of February to see a picture of Fritzer! **Flu Shots**

Although we are done with flu shot clinics, we still have high dose vaccine available for residents age 65 or older. If you want a flu shot, please contact Kim Peiffer at 263-6620.

Due to privacy standards, hospitals do not notify Menno Haven staff of admissions of Independent or Residential Living residents. The only communication occurs if the resident needs to be admitted to a higher level of care; this usually occurs at the end of the hospital stay. We often find out about hospitalizations from family, friends, or the residents themselves. Our chaplains also work hard to keep the rest of the Menno Haven staff updated. If a resident does not want this information announced publicly, we honor that wish, and do not list information on the TV scroll or announce on MennoTalk. However, we do notify strategic staff members, so that appropriate services can be provided as needed. If you know of a hospitalization, please feel free to notify Menno Haven staff with resident's permission.

Volunteer Services has regular or substitute volunteer openings in a variety of areas. Please consider serving as a volunteer, as it's a great way to meet new friends!**

The Menno Haven Auxiliary also uses volunteers to serve in the community stores. All proceeds from the stores are used to support projects that "brighten the life and lighten the load" for our elders and team members. Please consider how you might be involved in volunteering in one of the convenience grocery stores, the gift shops or thrift shop.

To apply on-line, the volunteer application is found on the Menno Haven website – [www.mennohaven.org](http://www.mennohaven.org), search for volunteering. All volunteers receive orientation and training before taking on a volunteer assignment.

In a second action, residents in the Chambers Pointe Health Care Center are getting new water glasses that will replace their Styrofoam throw away ones. This action will produce a savings of \$2,000 a year.

**Email menus:** About 60 residents have signed up to receive menus via email. This will save paper and printing costs for paper copies. If you want to sign up, see the form below. Northgate and villa residents can get a form on the bulletin board next to the menu rack.

## Is Your Philanthropy Showing?

by Nancy Marshall, Development Services

Philanthropy... Webster defines philanthropy as an "altruistic concern for human welfare and advancement, usually manifested by donations of money, property, or work to needy persons, and by generosity to other socially useful purposes". You, our residents, are most definitely philanthropic. You are driven by the love of humanity; you have a caring and generous spirit that nourishes and enhances the lives of others by the things you do for each other. How do I know this? The evidence tells me so.

Menno Haven was founded by people who saw a need to provide a safe, secure, loving and caring home for seniors, so they gave of their time and money to make sure that it came to be. Over 50 years later, Menno Haven is a beautiful place providing life enriching support, care and home to over 1,200 seniors. One of the most special aspects of this place is that so many of you now, and in the past, are "givers" - sharing time, talent, knowledge and money to constantly make things better for everyone. In 2016, over 400 residents volunteered in some capacity, on and off campus, to help their fellowman. Also in 2016, over \$700,000 was donated to support Menno Haven's programs, such as our Benevolent Care program, with 43% of our total donations being given by our own residents. Yes, Menno Haven, your philanthropy is showing and it is VERY much appreciated!

Over the next 5 years, as we complement our campuses with new buildings designed to provide the ultimate in dignity, choice and respect for our residents, not only do we want to maintain our culture of philanthropy, but we hope to increase the support we receive through donations. One of our main focuses, according to our mission statement, is "sharing God's love, one person at a time". We hope that when you give, it will be in the spirit of spreading God's love to others. If you already give, we hope you will be inclined to give more, and if you haven't given in the past, we hope you will start a habit of giving. Winston Churchill once said "We make a living by what we get. We make a life by what we give."

We want to say a very special "thank you" to all who have contributed in some way. You have made Menno Haven the great place that it is today and you are making it better for tomorrow. Together we are investing in our future.

## Fiduciary Responsibility

By: Matthew Berger - Investment & Trust Market Manager

The term "fiduciary responsibility" has been getting a lot of press lately. Much of the discussion has been around the Department of Labor's new rules for Investment Advisors when it comes to how they manage your retirement assets. The new rules go into play April 10 of this year, unless they get delayed or stopped. So, what does this mean for you and your money?

Doctors, physicians, and lawyers have always been tasked with the responsibility of acting in the patient or client's best interest. However, the same responsibility has not pertained to all investment professionals. A broker may help you invest your money, but they do not have a duty to act in your best interest. Instead, their duty is to sell investments that are "suitable" to someone in your situation.

At F&M Trust, we have always stood beside our clients and have been acting with "fiduciary responsibility" since 1906. We believe that everyone deserves an advocate, especially when it comes to navigating the complex world of investments. If your relationship with your current advisor is changing due to this "DOL Rule," come see one of our officers at F&M Trust. Find out what it really means to have someone acting in your best interest.

## Holiday Hours

All F&M Trust offices will be closed on **Monday, February 20th** in observance of **President's Day.**

Hi there! I am excited to meet and get to know all of you! This is my first position in banking and I am looking forward to learning and growing with F&M Trust. Please stop by the Penn Hall Office and meet me!

### Rose Siu: Part Time Teller

I have worked at F&M Trust for nine years. I have previously worked at our Orchard Park and West Side offices. My husband and I have a daughter, Mary, who was recently married in October.
